

# The International Organization for Mycoplasmaology

The International Organization for Mycoplasmaology (IOM) was founded in 1976 as a nonprofit organization and exists to promote the cooperative international study of *Mollicutes* (mycoplasmas, phytoplasmas, spiroplasmas, ureaplasmas, mesoplasmas, entomoplasmas and acholeplasmas) and the diseases they cause, and to disseminate knowledge about their characteristics, effects, transmission, and control.
